Leggerissima e scomponibile, Hope ripropone la magia dei lampadari della tradizione, interpretandola con sofisticate tecnologie moderne e materiali contemporanei. Una serie di sottili lenti Fresnel di policarbonato moltiplica la luce della sorgente luminosa, ricreando un gradevole effetto sfavillante, festoso, punteggiato da tanti piccoli riflessi.

Superleicht und zerlegbar: Hope nimmt Bezug auf traditionelle Lampenformen, interpretiert diese aber neu, mit hoch entwickelten neuen Technologien und zeitgemäßen Materialien. Eine Reihe dünner Fresnel-Linsen aus Polycarbonat vervielfacht das Licht des Leuchtmittels und schafft einen angenehmen glitzernden, festlichen, mit zahlreichen kleinen Reflexen blitzenden Effekt.

D'une grande légèreté et démontable à loisir, Hope invite à redécouvrir la magie des lampadaires traditionnels réinterprétée avec les technologies sophistiquées d'aujourd'hui et des matières contemporaines. Une série de fines lentilles de Fresnel en polycarbonate multiplie la lumière de la source lumineuse, recréant ainsi un agréable effet étincelant, festif, ponctué d'une multitude de petits reflets.

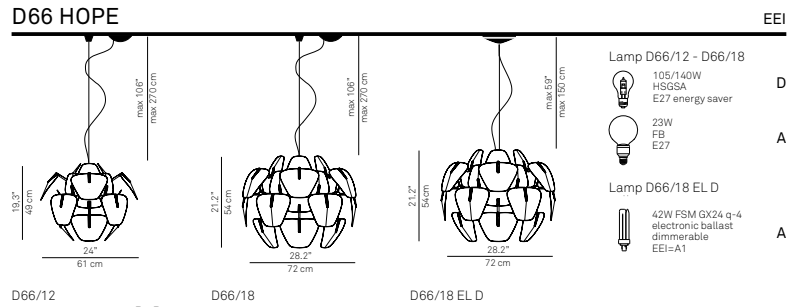

Hope, muy ligera y desmontable, propone de nuevo la magia de los candelabros de techo tradicionales, interpretándola con sofisticadas tecnologías modernas y materiales contemporáneos. Una serie de lentes finas de Fresnel en policarbonato multiplica la luz de la fuente luminosa, recreando un agradable efecto resplandeciente, alegre, punteado con muchos pequeños reflejos.
